REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

In view of properly filed Terminal Disclaimers dated 9/5/2007 and 7/24/2007 Double Patenting Rejections are hereby overcome.

The prior art of record as applied against present claims teaches polyolefin polymer, specifically polypropylene based polymers, however the polymers disclosed in the prior art of KARANDINOS are not functionalized. There is no teaching or suggestion in the disclosure of KARNDINOS to modify and/or functionalize polyolefin either alone or in blend. In view of the above discussion pending claims are passed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
